Skills

JavaScript, React, Redux, HTML, CSS, Ruby, Ruby on Rails, Mongoose, MongoDB, Node.js, Express.js, SQL, SQLite3, PostgreSQL, Webpack, jQuery, Git, Heroku

Projects

588PX (JavaScript, React / Redux, Ruby / Rails, HTML, SCSS, PostgreSQL, AWS)   Live Site | Github
500px clone built with Rails and React/Redux
- Connected Rails back end to AWS S3 for image storage and organization while upholding content security
- Implemented CSS flex display property to automatically scale uploaded images in randomly ordered dynamic picture feed
- Leveraged React in order to create a profile modal comparable to that of a social media profile

OneRoof (JavaScript, MongoDB, Express.js, React.js, Node.js, CSS)   Live Site | Github
Single page web application that assists housemates in facilitating communication and house chores
- Utilized git workflow in collaboration with 3 team members to create fully functioning single page web application
- Implemented CRUD functionality for chores feature to simulate real working application
- Employed MongoDB for document-oriented database storage to ensure seamless retrieval of data

Surf Bending (JavaScript, Leaflet.js, HTML5, CSS)   Live Site | Github
Flappy Bird/Temple Run inspired game with Avatar the Last Airbender theme design utilizing keyboard input
- Created interactive game with keyboard press and click events using JavaScript HTML DOM EventListeners
- Incorporated gameplay and animation through HTML Canvas and conditional logic
- Capitalized on JavaScript's asynchronicity to set spawn rate of icebergs and power waves with set timeout

Experience

Tenergy Corporation
Shipping and Receiving Associate   Jan 2019 - Nov 2020
- Awarded for operational excellence and outstanding performance
- Reorganized warehouse to achieve order fulfillment efficiency and optimize storage of newly received products

Happy Lemon
Supervisor   Nov 2017 - Jan 2019
- Recognized by management for efficiency and organization
- Oversaw training of baristas in kitchen duties such as topping preparation and tea brewing

Education

App Academy   Nov 2020 - Mar 2021
Immersive software engineering full stack development course with 1000-hour curriculum and 5% acceptance rate

Seattle University
Bachelor's of Business Administration - Accounting   Aug 2012 - Jun 2017
